Parent Meeting #2

Programming for Gifted Students

The Calgary Board of Education is continuing the process of gathering input from parents regarding programming for Gifted students including the Gifted and Talented Education Program (GATE). A parent meeting was held on November 1st where we collected a great deal of excellent feedback from over 100 parents of Gifted students. A second parent meeting will be held to build on that feedback and generate more in-depth conversations regarding the future of the GATE Program.

*Parkdale Centre
